

LEADership 2010

LEADERSHIP DEVELOPMENT PROGRAM

LDP10

A program for inspired teens who are motivated to develop their leadership skills, strengthen their individual character, and surround themselves with other teens that hold to positive ideals. Experience this unique two-week program where high school leaders grow in an encouraging environment, build strong relationships, and learn how to meet higher goals every day!

Campers in the Leadership Development Program will learn and practice leadership skills. They will live in a positive group environment with similarly motivated teens who want to challenge their current ideas about their capabilities. Lessons and experiences will focus on how hard one must work to achieve goals and how much can be accomplished by working together as one.
